All Grazing Boxes are individually prepared to order. Actual styling may vary from the image and in some instances if a particular product is unavailable a substitute will be provided. All Grazing Boxes are prepared in a deli environment where the following allergens are present: **Wheat** (Including **Gluten**), **Shellfish**, **Egg**, **Fish**, **Milk**, **Peanuts**, **Soy**, **Tree Nuts**, **Sesame Seeds**, **Lupins** and **Sulphites**.

Tips and Hints

Ensure your party has plenty of napkins, plastic tableware, refreshments, table linen and cutlery.

Grazing boards will be tastiest when served at room temperature, ensure they don't sit out for more than 2 hours consider keeping a small selection of 'refill' items like sliced meat and cheeses in the refrigerator for restocking.

Pairing your board with a special wine can make it feel more festive especially if you're serving it at a dinner party. Select a flavour that compliments the elements on the grazing board and make a cocktail with those flavours as a fun addition.

For serving, use a separate knife for each cheese to allow guests to cut from the wedge. Any food becomes even more delicious when you share it with people you love spending time and sharing moments with.
